FULL SUBSCRIPTION

For the purposes of reduced tournament entry fees and discounted entry to the Madeira International Bridge Open, players will be considered affiliated if they were affiliated on 31st December 2025 and have paid their subscriptions by 15th February, or who have joined since 1st January 2026 and paid their subscription in a timely manner.

SPECIAL SUBSCRIPTION INCLUDING CHRISTMAS DINNER

Affiliated members can benefit from a discount on the price of the social dinner after the Christmas tournament by including it in their annual subscription for a total of €70 (€50 affiliation + €20 dinner), provided they pay their subscription by 15th February 2025. *This is separate from the discounted entry fee for affiliated members for the tournament itself.*

The price of the dinner is non-refundable and non-transferrable: members who have paid for the dinner as part of their subscription but cannot attend will not receive a refund. Similarly, members who wish to attend the dinner but have not paid the special subscription of €70 by the deadline will not benefit from the discount, but will be charged the full price for the dinner.

REDUCED SUBSCRIPTION FOR OCCASIONAL PLAYERS

A reduced annual subscription of €20 is available to occasional players such as non-residents. The reduced subscription permits a member to participate in a maximum of 8 weekly Simultaneous sessions and 2 Regional Circuits tournaments at the members' rate. Once this limit has been reached, players will be considered non-affiliated and will have to pay the full non-member table money or entry fee.

The information above does not relieve players of their responsibility for reading the regulations for each tournament they enter.
